Dear Sister + all.

Well I will write a few lines to let you know that I am still alive. but no longer at Camp Grant but way down in Kansas we came here last Wednesday got here about 5.30 P. M. Country is very rolling just one hill after another but they are not very high not as high as up your way. We have to go about two miles to the drill field so we get plenty of walking. Next week we will go out to the rifle range which is about seven or eight miles from camp. This is a very windy country the first day we were here we very near blew away could not see any thing but dirt. the days are very warm but gets cool at night. Every thing is looking fine

We came through Ill. Iowa. Mo. & into Kansas. we are about one hundred and fourty miles west of Kansas City. I like the country out here better that at Rockford feel more at home. we all drilling pretty hard now days with the rifle. all I have to do is go out the back door and cross the street and I am at the Y. M. C. A. They have Church there Thursdays & Sunday. Moving pictures three times a week every thing is fine. Well I have gained about ten pounds since I came to Camp. only body that tell you that the boys don't get enough to eat and good food and good clothes tell them they don't know what they are talking about. I never went away hungry as long as I have been in Camp. have had nothing but the best meat

and good whete bread. have got two suits of Cloths three suits of wool under wair two summer suits two pair of shoes. over Coat rain Coat and well have some more things in a day or so. but I have all I want to Carry on my back allready. The ones that are always finding fault are the ones that never had enything at home. You know some people would kick if they went to heaven because their harp was not tuned right. I am sending you a picture that I had taken while I was in Rockford the other boy is my Chum he is from Virogua. he is down here I am in Co. B. he is in Co C. well I will have to ring off as I have a couple more letter to write
